Our Locations Inside Back Cover

Over 140 branch locations and ATM's throughout Eastern Ohio and Western Pennsylvania.

Q. Why did NorthSide Bank decide to merge with First National Bank?

A. In looking at the economic environment, the future forecast of interest rates and the increasing costs to comply with regulations, it is in the best interest of NorthSide Bank to affiliate with a larger institution. By merging with First National Bank – who is larger but still community focused – we can continue to operate as a community bank, with decisions made locally for our customers.

Q. Will the employees join First National Bank?

A. The same employees who handle your transactions today will become the Personal Bankers who will provide the same friendly, professional service during and after the transition to First National Bank.

Q. Do I have to change my accounts, sign new forms and so forth?

A. There is no need for you to do anything. We will make the transfer of your accounts to First National Bank as easy and convenient as possible.

Q. Will any of my account numbers change?

A. If there is a rare situation such as a duplication of account numbers, we may need to change your account number. If that would occur, we will notify you in advance to assure that there is no interruption in our service to you.

Q. When will I have to order First National Bank of Pennsylvania checks?

A. Unless your account number changes, you will be able to continue using your NorthSide Bank checks and deposit tickets after the merger. If you must purchase checks now, simply place your order as you have in the past. After the merger takes place, the checks that you order will carry the First National Bank name.

Q. I have my payroll check directly deposited to NorthSide Bank. Will that be affected?

A. Any checks, such as payroll and social security, will continue to be directly deposited to your accounts as they have in the past. Automatic withdrawals will also continue the same.

Expect more from our extended family of financial services.

First National Bank of Pennsylvania has over 145 ATMs, which offer you a range of choices for surcharge-free ATM usage.

Q. When will I receive my new First National Bank ATM or Debit Card, and when will this new card be effective?

- A. New cards and PIN numbers should arrive by February 17, 2005. For security purposes, the cards and pins are mailed separately in plain (no logo) envelopes and mailers. If you have not received your new card and PIN by February 17th, please contact First National Bank by calling 1-800-555-5455. The new cards will be effective as of 5 AM, February 18, 2005. First National Bank is making your Life easier with Check Imaging.

We appreciate your business as a checking account customer, and we want to make it easier for you to keep your financial records organized. That's why we're providing you with free check imaging.

With check imaging you won't have to worry about organizing and storing your bulky cancelled checks. Each month, we'll provide you with images of your checks on 8.5" X 11" sheets, 18 images per page. The checks will be in numerical order with information clearly displayed, including your processing date, check number and amount.

Your imaged checks are as good as the originals, especially in the eyes of the law. Both the IRS and courts of law accept imaged checks as proof of payment. And since your imaged checks are permanently stored in digital files, it will be easier for us to retrieve a duplicate copy for you. Thanks to the quality of digital technology, we can provide enlarged copies for signature and endorsement verification. We are pleased to offer you this state-of-the-art technology, and are confident that you will find that check imaging makes it easier than ever to balance your statements on a monthly basis.

Additional explanation is provided on the opposite page. If you have any questions, please be sure to contact a Personal Banker immediately or call 1-800-555-5455. We are committed to bringing you the latest innovations in banking to help make your life easier.

Takes all your cancelled checks and puts them on managed sheets for easy storage.

Here's How it Works:

1. Your cancelled checks are reduced and put in numerical order, then they're printed out, 18 images per page, onto 8.5" X 11" sheets.
2. Three sets of numbers representing the processing date, check number and check amount are clearly printed below each check image for quick reference.
3. Your new check images, as well as your checking account statement, are 3-hole punched and sent to you for your records. Store the pages in a 3-ring binder. It's that simple.
4. These images are official documents, accepted by courts of law and the IRS. Just in case you ever need them, we store your checks digitally so we can retrieve, print and even enlarge them to full size.
5. You never need to store loose piles of cancelled checks again. Now, records are easier to locate and take up less space.
6. Images are also available online. Sign up at www.fnb-online.com.
